

Product #: SM2000FA

Product Name: Strapping Machines

This product has options. See product details below.

Description: The SM2000-FA (Fully Automatic) strapper is a state-of-the-art fully automatic strapper designed to automate your strapping operation at an affordable price. It's fast and reliable, and the simplified control unit is designed to maximize up time and minimize maintenance expense. The SM2000 is loaded with an impressive list of features, and is now available with a dual cylinder compression option. In addition, it's backed by one of the best warranties in the industry, 99% parts availability within 24 hours, and unlimited, free telephone support for the life of the machine. If you are looking for a fully automatic strapper that requires no operator, you can't get a better value than the SM2000-FA.
