

# *Straight Shooter*

Feeders for mailing,  
printing and packaging

**C-12**

## C-12 High Speed Continuous Feeder

***Straight Shooter brings real  
innovation to friction feeding!***

Revolutionary features enable our feeders to easily handle a wide range of media types and sizes from business cards to large catalogs, and almost everything in between...

**...and feeds them all straight!**

- \* Stuffed envelopes
- \* Open ended booklets
- \* Calendars
- \* Magnets
- \* Self-mailers
- \* Plastic cards or tags
- \* Labels
- \* CDs
- \* Variable thickness ***in the same stack!***

*Great for feeding a wide variety of  
pieces into:*

*Ink jet equipment*

*Tabbing and labeling machines*

*Folders*

*Printing equipment*

## **Buckle Separation™ Technology A Straight Shooter Exclusive!**

Straight Shooter introduced this revolutionary method of separation in 2004. Other feeders use a high friction “nip” point to separate documents. Straight Shooter eliminates the “nip” point for smoother feeding without the jams!

**Straight Shooter takes friction feeding to a new level with these exclusive features:**

- \* Solid, heavy-duty paper guides that extend **ALL THE WAY THROUGH THE FEEDER**
- \* **Repositionable Feed Belts** -- Lets you customize the feeder for every piece!
- \* **Independently Adjustable Separators...** as many as you like!
- \* **ALL** belts can be replaced in minutes!
- \* Heavy duty shafts and bearings for long life.
- \* Four high friction feed belts **AND** three traction belts for additional friction
- \* Use as many separators and belts as each job requires
- \* **Completely tool-less setup!**
- \* **Clean, uncluttered design – easy to setup, easy to move, easy to service!**

### **Also available:**

- \* **Adjustable height floor stand**
- \* **Table stand**
- \* **Card option for small media**
- \* **Single shot and batch models**
- \* **C-20 for wide documents**
